<b>Total</b>	<b>22</b>

# Earning Credit

## Completing a Unit of Study

[8 NYCRR 100.1](#) (a) and (b)(1)

- $\geq 180$  minutes of instruction per week (or the equivalent); and
- mastery of learning outcomes

## Credit by Examination

[8 NYCRR 100.5](#) (d)(1)

- $\geq 85$  on a Regents exam without the opportunity to complete a unit of study
- oral exam or special project

Grade 8 Acceleration

[8 NYCRR 100.4](#)(d)

# Physical Education Credits

---

Students must:

- earn  $\frac{1}{4}$  credit of PE for every semester they are enrolled in a NY high school; AND
- enroll in PE every semester they are in a NY high school through their senior year or 8<sup>th</sup> semester.

# Semesters Spent in a NYS School	1	2	3	4	5	6	7	8
Minimum number of PE credits required for graduation	$\frac{1}{4}$	$\frac{1}{2}$	$\frac{3}{4}$	1	$1\frac{1}{4}$	$1\frac{1}{2}$	$1\frac{3}{4}$	2

## Scenario A Allen

Allen did not pass the Living Environment course. Can Allen still meet the credit requirements for a NYS high school diploma?

Yes. Students can fulfill the life science credit requirement with **any** life science course. It does not have to be a course that culminates in a Regents Exam.

Reference: [Science FAQ](#) (Questions 7-9)

## Scenario B Bethany

Bethany only successfully completed 2 credits in mathematics. However, she also successfully completed a technology education course. Has Bethany fulfilled the mathematics credit requirements?

Yes. So long as Bethany does not use a technology education course to fulfill the third science credit requirement, she may use the technology education credit to fulfill the third mathematics credit requirement.

(Question 6, *Graduation Requirements/Part 100 Regulations* section)

## Scenario C Camden

Camden transferred from Connecticut to a NYS high school in the fall of his junior year. Could Camden graduate with less than 22 units of credit? Explain.

Yes. Since Camden was not enrolled in a NYS high school for their first two years of high school, they would only need to earn 1 credit in physical education (1/4 credit for each of 4 semesters). If Camden did not earn any physical education transfer credits, they could graduate with 21 credits.

# CTE Pathway

---

In order to earn the CTE Pathway to a diploma, students must:

- Successfully complete a NYSED-approved CTE program; and
- Earn a passing score on the program's 3-part technical assessment.

[Current NYSED-Approved CTE Programs](#)

# Multiple Roles of CDOS

---

## CDOS as a Pathway to a Diploma

Student:

- earns 22 units of credit
- passes four required assessments (one in each discipline)
- successfully completes all the CDOS Commencement Credential requirements

## CDOS in Addition to a Diploma

Student:

- earns 22 units of credit
- passes four required assessments (one in each discipline)
- completes a pathway other than CDOS
- successfully completes all the CDOS Commencement Credential requirements

## CDOS as a Stand-alone Exiting Credential

Student:

- attempts, but does not successfully complete all the Regents or local diploma requirements
- completes all the CDOS Commencement Credential requirements

# CDOS Commencement Credential: Option 1

# Computer Science – CTE subject

---

- Middle-level CTE requirement (1.75 units of study)
- Coursework requirement for CDOS Commencement Credential (option 1)
- 5-unit sequence in CTE (advanced designation)
- NYSED approved CTE program in computer science

# CDOS Commencement Credential: Option 2

---

Meets requirements for one of the  
Department-Approved Pathway  
Assessments in CDOS

Including:

- ACT Work Keys, ACT NCRC
- National Work Readiness Credential (NWRC) / NWRC Assessments
- NOCTI 21st Century Skills for Workplace Success
- NOCTI Employability Skills
- Precision Exams 21st Century Success Skills
- SkillsUSA Career Essentials: Career-Ready Assessment
- Workforce Skills Certification System

# Seal of Civic Readiness

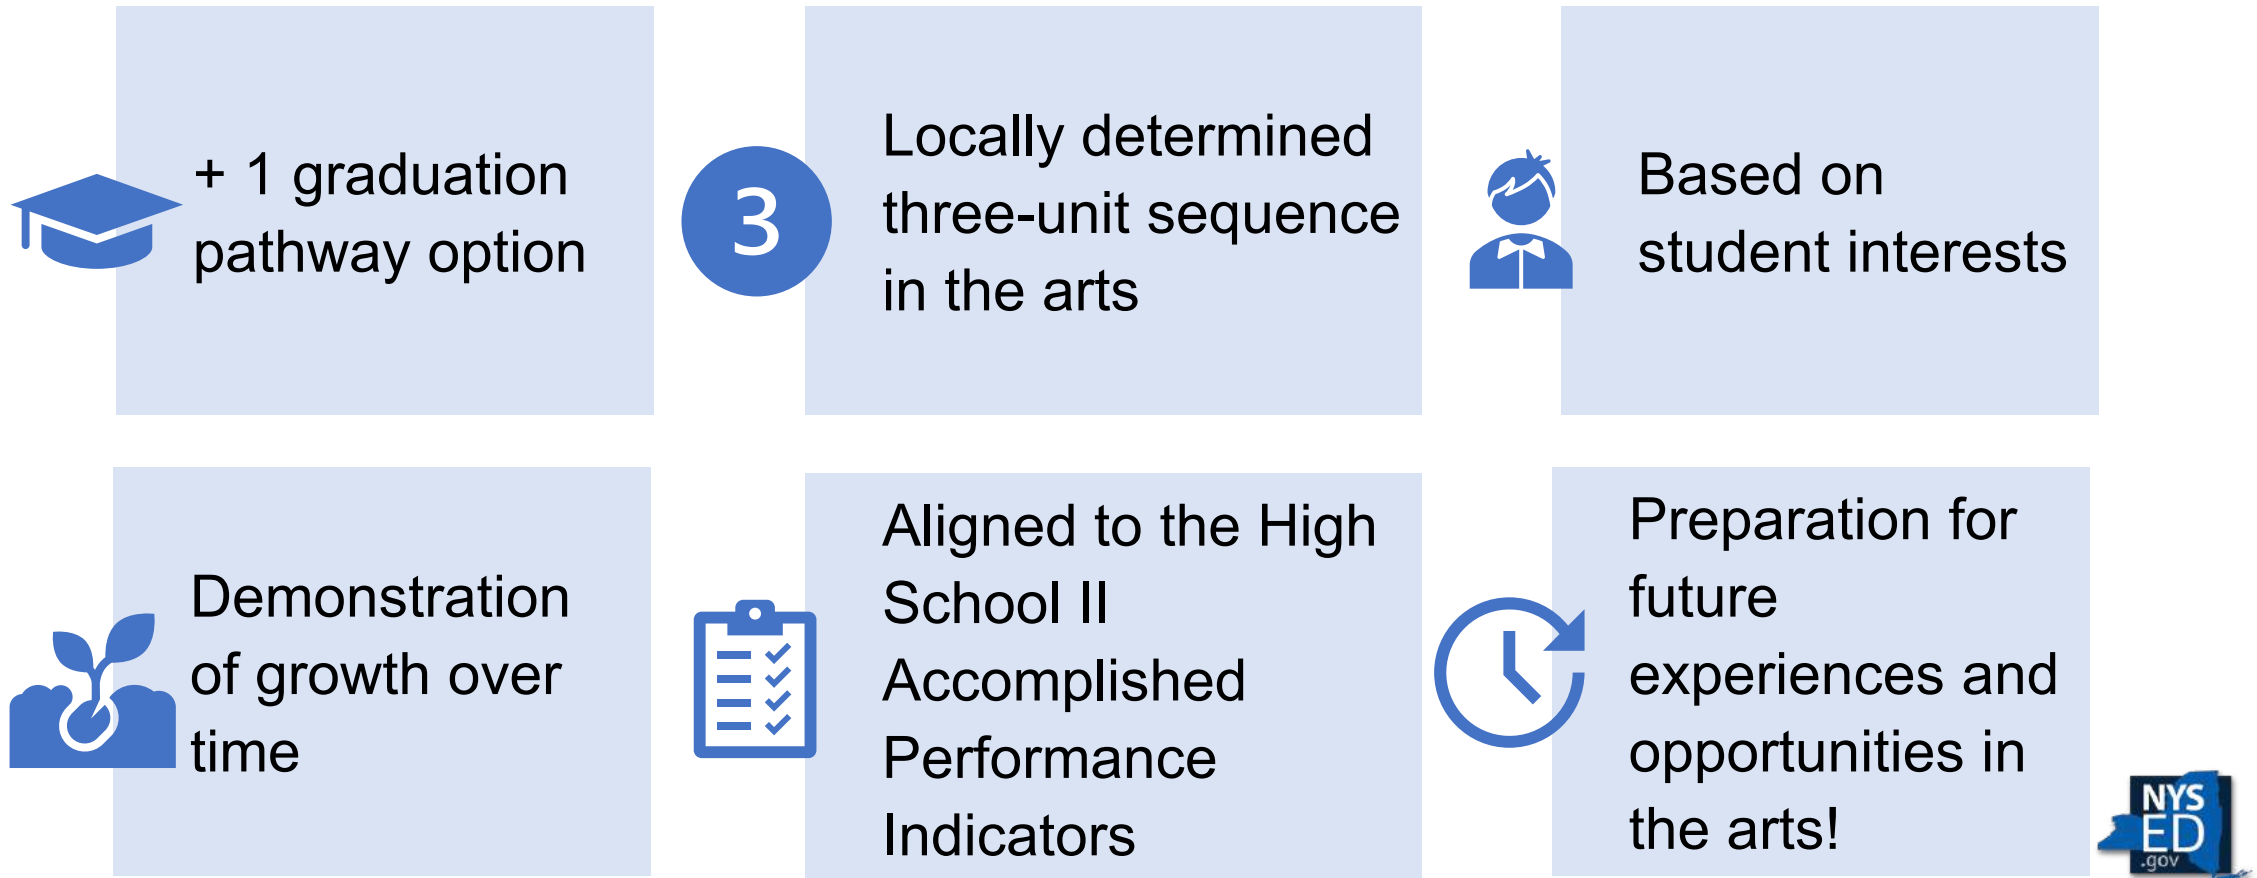

---

- Updates to [The NYS Seal of Civic Readiness Handbook](#)
- [Approved Seal of Civic Readiness Schools](#)
- Students must demonstrate:
  - Civic Knowledge
    - Earning credit in Social Studies courses, passing/mastering Social Studies Regents Exams, completing civic readiness research project
  - Civic Participation
    - Completing a high school civics project, completing a service-learning project, achieving proficiency in a civic engagement elective course, participating in an extra-curricular program or work-based learning experience that promotes civic engagement or civic action (min. of 40 hrs.), completing a MS or HS Capstone project

# Individual Arts Assessment Pathway (IAAP)

- \* A student can appeal one Regents exam score within 5 points of passing and still receive a Regents Diploma. Special appeals and exemptions can be applied to any diploma type.

# Admission to a Regents Exam

---

## Section 8.2 of the Rules of the Board of Regents:

- All students who had the opportunity to complete the course of study leading to a Regents Exam have the right to be admitted to that exam.

- Students may not be barred from an exam for disciplinary reasons or because their achievement in a subject is considered unsatisfactory.

- In the case of a science Regents Exam, only students who have also met the laboratory requirement, which includes 1,200 minutes of laboratory experience with satisfactory laboratory reports, may be admitted.

# Science Laboratory Requirement

---

In order to qualify to take a Regents examination in any of the sciences, a student must complete 1,200 minutes of laboratory experience which may be met through **any combination of hands-on and simulated laboratory experience** with satisfactory documented laboratory reports. The 1,200 minutes of laboratory experience must be in addition to the required classroom instruction associated with earning a unit of credit.

## Scenario D Darien

Darien failed his English 11 course last year. Can Darien be admitted into the English Regents Exam in June 2023?

Yes. Once a student completes a course that culminates in a Regents Exam (successfully or unsuccessfully), they maintain eligibility for admission into that Regents Exam. Students cannot be barred from Regents Exams because their achievement in a subject is considered unsatisfactory.

Reference: [Slide 17](#)

# Appeals, Safety Nets, and Superintendent Determination

# Appeal Eligibility Criteria

Students seeking an appeal must meet the following criteria:

<b>2X</b>	Have taken the Regents examination under appeal at least two times
	Have at least one score on the Regents examination under appeal within the point range appropriate for the appeal: <ul style="list-style-type: none"><li>• All student appeal → 60-64</li><li>• Students with disabilities seeking the local diploma → 52-54</li><li>• English language learners seeking appeals in ELA only → 55-59*</li></ul>
	Have taken advantage of academic help provided by the school in the subject tested by the Regents examination under appeal
	Have passed the course for which the appeal is being sought
	Be recommended for an exemption to the graduation requirement by the student's teacher or Department chairperson in the subject of the Regents examination under appeal

# Diplomas via Appeal for All Students

---

## Regents Diploma via Appeal for All Students

- ✓ Meets credit requirements
- ✓ Meets assessment requirements using **one** successfully **appealed Regents exam score** no more than 5 points below passing (**60-64**)

## Local Diploma via Appeal for All Students

- ✓ Meets credit requirements
- ✓ Meets assessment requirements using **two** successfully **appealed Regents exam scores** no more than 5 points below passing (**60-64**)

# Local Diploma via Appeal for ELLs

## Local Diploma via Appeal for English Language Learners

- ✓ Meets credit requirements
- ✓ Meets assessment requirements using **one** successfully **appealed English Language Arts Regents exam score** of **55-59**
- ✓ *May* also use **one** successfully **appealed Regents exam score** no more than 5 points below passing (**60-64**)

To be eligible, students must:

- enter the United States in grade 9 or after; and
- be classified as an English Language Learner when they took the Regents Exam in English Language Arts the second time.

# Safety Net Options for Students with Disabilities

## Local Diploma via Low Pass Safety Net

- ✓ Meets credit requirements
- ✓ Meets assessment requirements for a local diploma by achieving a score between **55** and 64 on one or more of the required Regents exams
- ✓ *May also **appeal** up to two Regents exam scores between **52-54***

## Local Diploma via Compensatory Safety Net

- ✓ Meets credit requirements
- ✓ Meets assessment requirements for a local diploma by compensating Regents exam scores between 45-54 (on any required Regents exam except for ELA and math) with a score of 65 or higher on another required Regents exam

Safety Nets apply to:

- Students with disabilities with a current IEP
- Students with a Section 504 plan, if documented on the plan
- Students declassified from special education in grades 8-12, if recommended by the CSE

# Applying the Compensatory Safety Net

---

Two Questions:

Are the student's ELA and Mathematics Regents Examination scores at 55 or above (or did the student successfully appeal scores in the 52-54 range)?

For every required Regents Examination score between 45 and 54, is there a compensating score of 65 or above?

If the answer to BOTH above questions is yes, then the student has met the assessment requirements for a local diploma.

# Superintendent Determination of a Local Diploma

Eligibility requirements include:

Student with a disability currently receiving special education services through an Individualized Education Program (not applicable to 504 or declassified students)

Student participated in and passed all relevant Regents level coursework

Student actively participated in all required Regents examinations

Student earned the appropriate 22 units of diploma credit

- If the request involves English Language Arts and/or mathematics assessments, students must ALSO earn the Career Development and Occupational Studies (CDOS) Commencement Credential.

Student's parent or person in parental relation submitted a written request to the superintendent for a determination of a local diploma

# Exemptions due to COVID-19

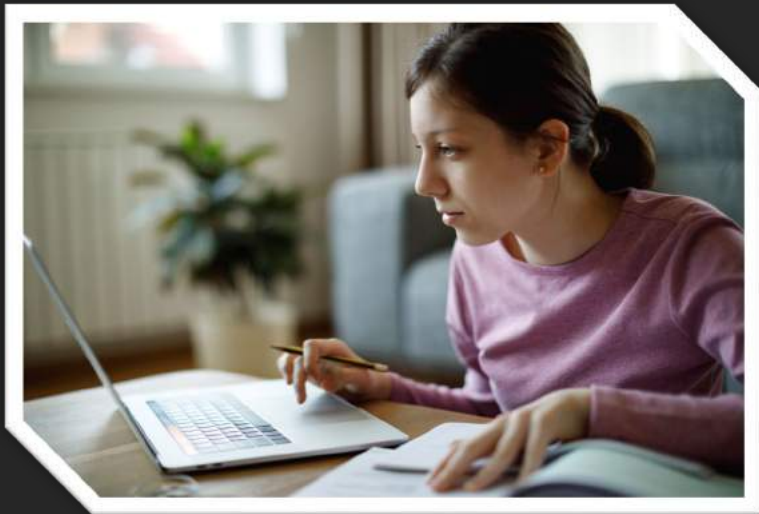

# Exemptions from Assessments due to COVID

Students granted an exemption from any examination are not required to pass such specific examination to meet the assessment requirements for any diploma type (local, Regents, or Regents with advanced designation). Exemptions remain with students through graduation.

## Scenario E Erin

Erin has an IEP. They met the credit requirements and have the following score history:

- English, 48
  - Algebra I, E
  - Earth Science, E
  - Living Environment, E
  - US History, 65
  - CDOS Commencement Credential, earned
- Could Erin earn a NYS high school diploma?  
Explain.

Possibly. Since Erin earned the CDOS Commencement Credential, their parent(s) could request a Superintendent Determination of a Local Diploma.

Reference: [CDOS Q&A](#) and [Special Appeals FAQ](#) (#s 22-23)

## Scenario F Franklin

Franklin was exempt from the Global History & Geography Regents Exam in June 2021. Is Franklin now required to pass the US History Regents Exam to earn a NYS high school diploma?

It depends. If the exemption was due to COVID cancellations, no. In this instance, the exemption satisfies the social studies assessment requirement. However, if the exemption was due to the student's status as an out-of-state transfer student entering in Grade 11 or 12, the student would need to pass (or be exempted from) the US History Regents Exam (or a Department Approved Alternative) to meet the assessment requirements.

[Transfer Student Q&A](#) (Questions O2 and O3)

# Special Appeals

# Special Appeal Eligibility Criteria

---

Any student who meets the following eligibility conditions may appeal to earn a diploma with a lower score on a Regents exam. These conditions are specific to the special appeal.

Regents examination taken:

- June 2022,
- August 2022,
- January 2023,
- June 2023, or
- August 2023

Earned a score of **50-64** on the Regents examination that is the subject of the appeal and was taken during one of the above administrations

**Passed the course** for which the appeal is being sought \*

\* When making a determination as to whether a student is eligible to apply for a Special Appeal, the grade earned on the Regents examination is not included in the calculation of the course average.

# What Makes the Special Appeal *Special*?

---

The Special Appeal is a *limited rule* adopted in response to widely varied teaching and learning conditions caused by the continued impact of the COVID-19 pandemic.

Students do not need to take the exam under special appeal twice.

Students do not need to have participated in additional academic assistance provided by the school.

Special appeals may be applied to any diploma type.

Special appeals do not count towards the maximum number of appeals that can be applied to the local or Regents diplomas.

# Special Appeals FAQ Updates

## Additional Questions

- **2a** and **2b**: Clarification about the third eligibility condition (passing course average)
- **4a**: Clarification about make-up programs and eligibility

## Amended Questions

- **13**: Clarification of the requirement for schools to respond within 10 school days once an appeal is requested
- **23**: Clarification that exemptions may be used to satisfy the ELA and/or mathematics eligibility requirements for superintendent determination

## Scenario G Geneva

In June 2022, Geneva earned a 52 on the Algebra I Regents Exam. Her grades for her Algebra I course were:  
Q1 – 58, Q2 – 68, Q3 – 70, Q4 – 72.

If Geneva's school's passing grade is 65 and her school includes Regents Exam scores in their final course averages, is she eligible for a special appeal?

Yes. When determining eligibility for a special appeal, schools cannot factor in the Regents Exam score. Since she took the Regents in June 2022, earned a score in the appropriate range, and has a passing course average (over the four quarters), Geneva meets the eligibility conditions for a special appeal.

Reference: [Special Appeals FAQ](#) (Questions 2 and 3)

## Scenario H Harmony

Harmony has a 504-plan with safety net eligibility. They earned a 58 on the English Regents Exam. Should Harmony's school bother with the Special Appeals process?

Yes! Since the special appeal may be used towards any diploma type, Harmony could earn a Regents Diploma if they met all other assessment requirements.

Reference: [Special Appeals FAQ](#) (Question 21)

## Scenario I Ira

In June 2023, Ira earned a 62 on the Global History & Geography Regents Exam. Ira did not pass his Global II course. However, he is enrolling in summer school. If Ira passes the course through summer instruction, is he then eligible for a special appeal? Would Ira need to retake the Regents Exam in August 2023?

Yes, Ira would be eligible for the special appeal once he passes the course. Since he took the exam in June 2023 and earned a score in the appropriate range, as long as he passes the course prior to graduation, he would satisfy the eligibility conditions for the special appeal. While Ira could be admitted into the Regents Exam during any future administration period, since he already earned a score in the special appeal range, it would not be necessary to re-take the Regents Exam.

# Endorsements & Seals

# Endorsements and Seals

## Local Diploma

Technical Endorsement

*Seal of Civic Readiness*

## Regents Diploma

Technical Endorsement

*Seal of Civic Readiness*

Seal of Biliteracy

Honors Endorsement

## Regents with Advanced Designation

Technical Endorsement

*Seal of Civic Readiness*

Seal of Biliteracy

Honors Endorsement

Mastery in Mathematics  
and/or Science

# Honors Endorsement

If students have exemptions (due to COVID-19), the calculation for the honors endorsement will be dependent upon the number of scored Regents Examinations the student has.

## **Minimum of 3 scored Regents Examinations applicable to the diploma**

- exemptions due to COVID-19 are removed from the calculation
- computed average of the Regents Examination scores required for the diploma (not including exemptions) must equal 90 or above

## **Students with fewer than three scored Regents Examinations applicable to the diploma**

- student's final course grade for each exempted Regents Examination will be substituted in the calculation for honors
- computed average of the scored Regents Examinations and the final course grades for courses for which exemptions were granted must equal 90 or above

# Mastery Endorsement

---

Students may earn the Mastery in Mathematics and/or Science endorsement(s) if the student meets the requirements for a Regents Diploma with Advanced Designation and:

- passes 3 math and/or 3 science Regents Examinations with a score of 85 or better; or
- passes 2 math and/or 2 science Regents Examinations with a score of 85 or better and has been granted an exemption on a third math and/or science Regents Examination; or
- passes 1 math and/or 1 science Regents Examination with an 85 or better and has earned a final course grade of 85 or better in 2 additional math and/or science courses culminating in a Regents Examination for which they were granted an exemption.

## Scenario J Jasper

Jasper has the following science assessment history:

- Living Environment, 90
- Earth Science, E, FCA: 95
- Chemistry, E, FCA: 98

Jasper is taking the Physics Regents Exam this June. Do we need to wait to determine their eligibility for mastery in science?

\*FCA = Final course average

No. Jasper already met an eligibility condition for mastery in science. The Physics Regents Exam score is additional, and therefore does not need to be considered.

Reference: [Endorsements and Seals](#)

## Scenario K Kendall

Kendall met the credit requirements and has the following score history:

- Algebra I, 80
- CDOS, pathway requirements met
- Earth Science, 90
- English Language Arts, exempt, FCA 90
- Living Environment, 99
- Global History and Geography, exempt, FCA 95
- US History and Government, exempt, FCA 97

Has Kendall earned a Regents Diploma with Honors?

\*FCA = Final course average

Yes. When students have more earned scores/exemptions than are required for the diploma type, the most beneficial combination may be used in the calculation for the honors endorsement.

# Transfer Students

# Awarding Transfer Credit

---

## Registered NYS High Schools

The principal shall grant transfer credit for all credit awarded by any New York State registered public or nonpublic high schools.

## State Agencies

The principal shall award transfer credit to any student for credit awarded while the student attended an educational program administered or supervised by a State agency pursuant to Education Law sections [112](#) and [3202\(7\)](#) and Parts [116](#) or [118](#) of this Title, upon the attestation of the chief administrator of such program.

## Other Educational/ Cultural Institutions

The principal, after consultation with relevant faculty, may award transfer credit for work done at other educational and cultural institutions and for work done through independent study. The decision as to whether or not to award transfer credit for work done at educational institutions other than New York State registered high schools shall be based on whether the record indicates that the work is consistent with New York State commencement learning standards and is of comparable scope and quality to that which would have been done in the school awarding the credit.

# Out-of-State Transfer Student Exemptions

Students who enter a registered NYS high school for the first time in **grade 11** or who re-enter after having been enrolled for 3 or fewer semesters in a NYS high school, may be exempt from the Global History and Geography Regents\* and may meet the assessment requirements for a Regents diploma by passing the Regents exams in:

ELA

1 Math

1 Science

US History

Students who enter a registered NYS high school for the first time in **grade 12** or who re-enter after having been enrolled for 3 or fewer semesters in a NYS high school, may be exempt from the Global History and Geography Regents\* and the science Regents and may meet the assessment requirements for a Regents diploma by passing the Regents exams in:

ELA

1 Math

US History

\* The Principal may also exempt these students from the two units of credit requirement in global history and geography by substituting two units of credit in social studies.

# The Interstate Compact for Military Children

Exams Required for  
Graduation in the  
Sending State

- Where the principal from the sending school attests in writing that the student achieved a satisfactory score on such exam(s) and met the proficiency standards for the course(s) assessed in the sending state

National Norm  
Referenced  
Achievement Tests

- Where the principal from the sending school attests in writing that the student achieved a score equal to or greater than the national grade equivalent corresponding to the typically administered Regents examination grade

End of Course  
Local  
Examinations

- Where the principal of the sending school accepted course credit for a course that would typically culminate in an examination required for graduation in New York State
- Where the principal from the sending school attests in writing that the student has achieved a score on such exam that meets the proficiency standards for the course assessed in the sending state

# Interstate Compact: Advanced Registration

---

- In November 2021, [Education Law §3304](#) was amended to require advanced enrollment for students covered under the Interstate Compact on Educational Opportunity for Military Children.
- School districts must permit preliminary enrollment by remote registration, without charge, for such students.
- Additional information can be referenced in questions 13 and 17 of the [Interstate Compact ~ Frequently Asked Questions](#).

## Scenario L Leon

Leon entered a NYS high school for the first time as a senior. He is not covered under the Interstate Compact. What Regents Exams (or Department Approved Alternatives) does Leon need to pass to earn a NYS high school diploma?

If Leon accepts the out-of-state transfer exemptions (Global and Science), he would need to pass the following assessments: English, mathematics, and US History.

# Exiting Credentials

# CDOS Exiting Credential

---

- Available to all students
- Student attempts, but does not successfully complete all the New York State diploma requirements
- Student completes all the CDOS Commencement Credential requirements
  - Option 1 or Option 2
- Credential shall be issued any time after such student has attended school for at least 12 years, excluding kindergarten, or has received a substantially equivalent education elsewhere, or at the end of the school year in which a student attains the age of 21

# Skills & Achievement Commencement Credential

- Available to Students with Disabilities assessed using the NYS Alternate Assessment
- Must be accompanied by documentation of the students' skills and strengths and levels of independence in academic, career development and foundation skills needed for post-school living, learning and working
- The credential may be issued at any time after such student has attended school for at least 12 years, excluding kindergarten, or has received a substantially equivalent education elsewhere, or at the end of the school year in which a student attains the age of 21

## Scenario M Marion

Marion has a current IEP. They attended school from kindergarten through grade 11. Marion is not looking to pursue a local or Regents diploma, but they met the requirements for the CDOS Commencement Credential. Can Marion exit school with the credential?

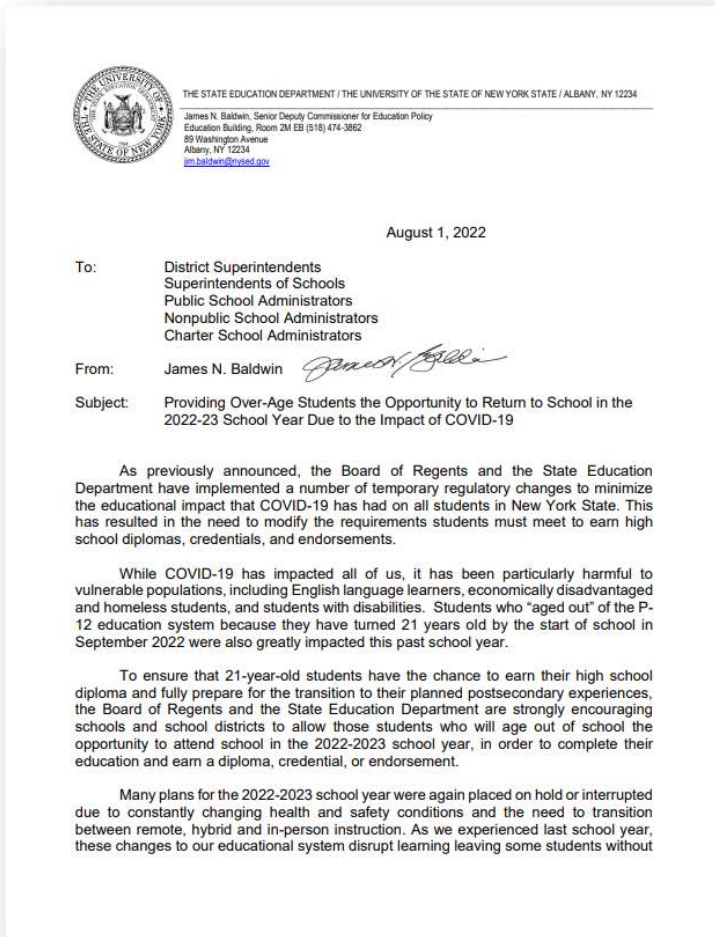

No. When earned as a standalone exiting credential, the CDOS Commencement Credential may only be issued after a minimum of twelve years of schooling (excluding kindergarten).

## Turnkey Guidance for New York State Graduation Requirements

This guidance intends to provide educators with presentation materials to support students' and families' understanding of the current New York State Graduation Requirements and to provide access to additional resources for students and families.

The "If Did You Know" sections provide additional information for school counselors and administrators. Educators may determine whether or not to include the information in your presentations to students and families.

This guidance is provided by the New York State Education Department as a tool for schools and districts to support students' and families' knowledge of our current diploma requirements. This guidance can and should be adapted to meet the needs of individual learning communities throughout!
